Michelle,

We are in receipt as of December 6, 2011 of the Information Request and related documentation from the United States Environmental Protection Agency (the "EPA") regarding the above-captioned Superfund Site (the "Information Request").

While the Information Request was sent to Dana Holding Corporation at 3939 Technology Drive, Maumee, Ohio 43537, all future correspondence regarding this matter should be directed to Dana Companies LLC ("Dana Companies"), the current parent company of Glacier Vandervell LLC, successor to Glacier Vandervell Inc. located at 900 West South Boundary Street #8A, Perrysburg OH 43551.

The Information Request requests a response from Dana Companies within 30 days of the receipt of the Information Request. Glacier Vandervell sold a material portion of its business to an unrelated third-party in 2007 and providing responses to the Information Request will require Dana Companies to seek information from this third-party.

Accordingly, Dana Companies hereby requests an extension of the deadline to respond to the Information Request of 60 days from the original deadline to respond.

Thank you for your letter of December 21, 2011. An extension to February 3, 2012 is given for Dana Companies LLC to respond to the Chemetco Information Request, consistent with extensions given to other parties in this matter. If you need to supplement your response after that time, please do so.
